- Per OME, the COE can be completed remotely without the parents' signature under the following circumstances:
  - Practicality - Family is unavailable during recruitment visits; family works too late and is only available at odd times; the family lives too far making it cost-ineffective for COE completion, etc.
  - Safety - Recruiter feels unsafe during recruitment visit or at certain locations; family works too late; weather conditions are unsafe.
  - Health - COVID or other health hazards have been identified in the area.
- Remote COE Completion is the exception, not the rule
